

## Mature Beauty

Do you have clients with mature skin you would like to help look their absolute best and make them feel wonderful? Do you have mature skin yourself and would like to learn the best way to enhance your beauty with makeup? If so this all encompassing mature beauty class will highlight the challenges mature women face with makeup and encourage them to think outside the box when choosing makeup.

Attend this event and **BODYGRAPHY** educator *Sami Haberkorn* will demonstrate step-by-step how ensure your mature clientele are using the correct products and proper techniques. Sami will share tips and tricks and makeup application techniques covering skincare, skin texture, foundation choice, color correction, brow shaping, flattering colors and over all how to achieve the most flattering makeup look for mature skin.

### Mature Beauty will cover the following:

- Skin prep
- Color matching
- Brow Shaping
- Enhancing the lip line
- How to take your look from day to night
- Choosing the correct shades for eyes and lips
